

A Lund

I have worked in education for over 19 years and have been part of the North Ridge Community School team for the past two and a half years. I began my journey here as a Learning Support Assistant and now serve as a Cover Supervisor. During this time, I completed my Level 3 Teaching Assistant apprenticeship, achieving a distinction — something I am very proud of.

I am passionate about supporting every child to reach their full potential and creating an inclusive, nurturing environment where all learners feel valued. I believe strongly in teamwork, consistent communication, and building positive relationships with both pupils and staff. As a governor, I am committed to contributing my experience and insight to help the school continue to grow and provide the best possible outcomes for our young people.

Amanda Lund,
Staff Governor (Non-Teaching)
