Swimming

SEND Swimming Sessions at Various DCLT Venues

Some DCLT pools offer SEND swimming sessions. These sessions are for adults or children with special educational needs and disabilities, and their parents/carers. There is a range of equipment available to help customers change comfortably and access the water safely. Each SEND customer may have a maximum of 2 carers. Carer proof will need to be shown at site.

DCLT timetables change every 12 weeks, so visit their website to find your closest [SEND swimming session](#).

Supportive Screenings

SUPPORTIVE SCREENINGS

- Comfortable setting
- Low Lights left on
- Reduced Volume
- Ability to move about

SAVOY
cinemas

Supportive screening is our dedicated autism-friendly show. Every Sunday morning at 10am we show a carefully selected U or PG-rated film in conditions designed to make it more accessible for those with additional needs.

During these screenings the auditorium lights remain on at a low level, and the volume of the film's soundtrack is reduced. It is fine for customers to make a little noise, stand up, or take a break during the film.

Accessibility

We try our hardest to make sure Savoy Doncaster can be used and enjoyed by all.

The building and toilets are fully accessible to wheelchair users, and each of the six screens provides optimum viewing areas for wheelchair users.

As well as regular subtitled screenings, an RF hearing system is fitted in each auditorium for which receivers can be provided on request. Assistance Dogs are welcome to accompany patrons and we also have audio description equipment available.

We are also proud to offer our dedicated autism-friendly Supportive Screening each Sunday at 10am. During this performance the lighting remains on at a low level, the volume of the soundtrack is turned down and customers are free to make a little noise or take a break if they need to.

Family Hub Sensory Rooms

For some children with sensory issues, developmental disabilities, or learning difficulties, a sensory room can provide an environment in which rooms can be particularly beneficial for people living with special needs, such as Autism and Sensory Processing Disorder.

All children are welcome at the groups run within the Family Hubs and can expect a fun learning environment which is supportive of all children's needs and

Which Family Hubs have sensory rooms?

Meadowhall

News

Meadowhall Sensory Zone #AutismAwareness

We are pleased to introduce a new sensory zone, with sensory equipment supplied by ROMPA.

The room provides families and carers with a space to bring children with Autism, when they may need time out from the busy shopping centre environment.

The introduction of our new sensory area is part of a wider project where we are increasing awareness of Autism within Meadowhall.

This sensory room is located in the Quiet Room at the Management Suite, situated at the back of The Oasis Dining Quarter near Pizza Hut Express and KFC.
