

**Year 7 Numeracy Catch-Up Funding
Strategy 2016-2017**

Year 7 Catch-up Grant (Numeracy) Academic Year 2016-2017

- No. pupils eligible for Year 7 Catch-up Grant 9
- Total amount of Year 7 Catch-up Grant Funding £4,500

The allocation of £4,500 for this academic year is split equally between Literacy & Numeracy and this year's allocation for Numeracy will be £2,250.

Our Plan for Inclusive Numeracy in SLD 2016-2017

The aim of our funding in 2016-2017 is to 'Bridge the Gap' between Primary and Secondary so that pupils have a smooth and quick transition.

Diverse and engaging teaching and learning will enable all pupils to consolidate their mathematical subject knowledge, skills and progress towards their targets.

We plan to spend our Year 7 Catch-up Grant for numeracy on resources so that each pupil has an individual Maths tool kit. We will undertake a Number Fun Day (Dave Godfrey) and take part in a mathematical workshop. The funding will also be used to purchase addition resources related to the Number Fun Day.

Item/project	Est. Cost	Purpose	Outcome
Maths Tool Kit	£1,000	<p>Purchase resources so that each pupil has an individual 'Maths Tool Kit'.</p> <ul style="list-style-type: none"> • The 'Maths Tool Kit' will be a personalised set of resources for each pupil. The resources will cover all areas of the Maths curriculum. Pupils will have resources that interest and engage them. • Pupils will have the opportunity to choose the resources that they need to complete a task (developing independence skills). • The 'Maths Tool Kit' will be portable and will allow pupils to use their mathematical skills and knowledge in all areas of the curriculum e.g. a calculator for shopping, rulers and tape measures for Environmental Science. 	<p>Pupil voice questionnaire unanimously showed that pupils enjoyed their personalised learning materials. "Maths is fun" – Kaiden</p> <p>Class teacher reported that pupils showed greater independence, as they used their specific resources without support. The tool boxes were embedded into the classroom routine.</p> <p>CASPA Data shows that all Year 7 Pupils made Expected or Above expected progress.</p>
Number Fun Day and Resources	£1250	<p>Interactive Maths Number Fun Day – workshop and resources.</p> <ul style="list-style-type: none"> • The Number Fun Day will use music and sensory resources to engage and motivate pupils. • Pupils will have the opportunity to learn 'new' and interactive maths songs. • Teachers will have the opportunity to develop new teaching and learning ideas than include all pupils in the lesson. 	<p>Pupil voice and staff questionnaires – all gave a positive response to the day.</p> <p>Additional resources were purchased so that the 'new' number songs could be embedded into everyday learning.</p> <p>CASPA Data shows that all Year 7 Pupils made Expected or Above expected progress.</p>
