

Jade Soler-Alcaraz

I have worked at North Ridge Community School for 6 years as a class teacher and previous to that I was an ICT Lecturer for 12 years. I am passionate about providing our children and young people with the best possible education so that each individual reaches their true potential. I have worked in several year groups and am currently based in 6th Form as Phase Leader. I am excited about my role as Staff Governor as I feel it will provide me with further opportunity to work alongside staff, families and our community to ensure our pupils receive an enriching and inspiring curriculum.
