

YEARLY OVERVIEW

First Half

EYFS

Primary and Secondary

Sixth Form

Life Skills

Functional Skills

Introduction to Number
(Listening to Number Names)
(Thinking)

Number
(Transferable Skills 1 and 2: Exploring Numbers & Know and Use Numbers)

Number
Using numbers in the immediate environment.
Recognising and using numbers

Introduction to Shape, Space and Measure
(Filling and Emptying)
(Thinking)

Shape, Space and Measures (Transferable Skills 1 and 2: Exploring Geometry & Properties of 2-D and 3-D Shapes)

Shape, Space and Measures
Recognising and using shapes and symbols in the environment. Practical activities using weights and measures, volume, distance and time

Introduction to Problem Solving
(Object Permanence)
(Thinking)

Using and Applying
(Transferable Skills 1 and 2 Exploring Problem Solving and Solving Mathematical Problems)

Using and Applying
Practical problem solving using number, money weights and measures., time.

Using numbers and the number system – whole numbers (E1), fractions and decimals (E2)

Second Half

EYFS

Primary and Secondary

Sixth Form

Life Skills

Functional Skills

Number
(Lots and Few)
(Thinking)

Number
(Transferable Skills 1 and 3: Exploring Numbers, and Operating with Numbers)

Number
Exploring numbers, number games and operating with numbers

Shape, Space and Measure
(Building and Stacking)
(Thinking)

Shape, Space and Measures (Transferable Skills 1 and 2: Exploring Measures & Using and Measuring Weights, Volume, Distance and Time)

Shape, Space and Measures
Exploring 2D and 3D shapes, properties and applications

Problem Solving
(Jigsaws and Shape Sorters)
(Thinking)

Using and Applying
(Transferable Skills 1 and 2 Exploring Problem Solving and Solving Mathematical Problems)

Using and Applying
Practical skills for Exploring Problem Solving and Solving Mathematical Problems)

Using common measures, shape and space

Autumn

YEARLY OVERVIEW

First Half

EYFS

Primary and Secondary

Sixth Form

Life Skills

Functional Skills

Number

(Number Names)

(Thinking)

Number

(Transferable Skills 1 and 2: Exploring Numbers & Know and Use Numbers)

Number

Application of numbers and using them in practical activities, games and everyday life skills

Handling information and data

Shape, Space and Measure

(Knocking Things Down)

(Thinking)

Shape, Space and Measures

(Transferable Skills 1 and 2: Exploring Shapes & Position and Direction)

Shape, Space and Measures

Exploring shapes and position and direction – moving around environment/travel

Problem Solving

(Jigsaw and Shape Sorters)

(Thinking)

Using and Applying

(Transferable Skills 1 and 2 Exploring Problem Solving and Solving Mathematical Problems)

Using and Applying

Practical skills for Exploring Problem Solving and Solving Mathematical Problems)

Second Half

EYFS

Primary and Secondary

Sixth Form

Life Skills

Functional Skills

Number

(Counting)

(Thinking)

Number

(Transferable Skills 1 and 3: Exploring Numbers, and Operating with Numbers)

Number

Application of numbers and using them in practical activities, games and everyday life skills

Using numbers and the number system – whole numbers (E1), fractions and decimals (E2)

Shape, Space and Measure

(Finding the Same)

(Thinking)

Shape, Space and Measures

Shape, Space and Measures (Transferable Skills 1 and 2: Exploring Geometry & Properties of 2-D and 3-D Shapes)

Shape, Space and Measures

Exploring time in everyday situations using practical tasks/travel training/timetables, daily routines

Problem Solving

(Quantities)

(Thinking)

Using and Applying

(Transferable Skills 1 and 2 Exploring Problem Solving and Solving Mathematical Problems)

Using and Applying

Practical skills for Exploring Problem Solving and Solving Mathematical Problems)

Spring

YEARLY OVERVIEW

First Half

EYFS	Primary and Secondary	Sixth Form	
		Life Skills	Functional Skills
<p><u>Number</u> (Number Names and Recognition) (Thinking)</p>	<p><u>Number</u> (Transferable Skills 1 and 2: Exploring Numbers & Know and Use Numbers)</p>	<p><u>Number</u> Application of numbers and using them in practical activities, games and everyday life skills</p>	<p>Using common measures, shape and space</p>
<p><u>Shape, Space and Measure</u> (Knocking Things Down) (Thinking)</p>	<p><u>Shape, Space and Measures</u> (Transferable Skills 1 and 2: Exploring Measures & Using and Measuring Weights, Volume, Distance and Time)</p>	<p><u>Shape, Space and Measures</u> Exploring Measures & Using and Measuring Weights, Volume, Distance and Time in practical applications</p>	
<p><u>Problem Solving</u> (Jigsaw and Shape Sorters) (Thinking)</p>	<p><u>Using and Applying</u> (Transferable Skills 1 and 2 Exploring Problem Solving and Solving Mathematical Problems)</p>	<p><u>Using and Applying</u> Practical skills for Exploring Problem Solving and Solving Mathematical Problems)</p>	

Second Half

EYFS	Primary and Secondary	Sixth Form	
		Life Skills	Functional Skills
<p><u>Number</u> (Ordering Numbers) (Thinking)</p>	<p><u>Number</u> (Transferable Skills 1 and 3: Exploring Numbers, and Operating with Numbers)</p>	<p><u>Number</u> Application of numbers and using them in practical activities, games and everyday life skills</p>	<p>Handling information and data</p>
<p><u>Shape, Space and Measure</u> (Patterns in Environment) (Thinking)</p>	<p><u>Shape, Space and Measures</u> (Transferable Skills 1 and 2: Exploring Shapes & Position and Direction)</p>	<p><u>Shape, Space and Measures</u> Application of numbers and using them in practical activities, games and everyday life skills</p>	
<p><u>Problem Solving</u> (Simple Problems) (Thinking)</p>	<p><u>Using and Applying</u> (Transferable Skills 1 and 2 Exploring Problem Solving and Solving Mathematical Problems)</p>	<p><u>Using and Applying</u> Practical skills for Exploring Problem Solving and Solving Mathematical Problems)</p>
